

U.S. Marshals Service renews detention facility contract **MTC earns \$383-million contract to continue operating Willacy County RDF until 2030**

FOR IMMEDIATE RELEASE – January 19, 2010

(RAYMONDVILLE, Texas) – Utah-based Management & Training Corporation (MTC) – operator of the Willacy County Regional Detention Facility (WCRDF) – has been awarded a \$383-million operating contract by the U.S. Marshals Service to continue managing the site for another 20 years. The new agreement includes a 5-year base contract along with three 5-year extension periods. It is effective starting this month, with the potential to run through December 2029.

“We are very pleased with this contract renewal,” said MTC Texas Region Corrections Vice President JC Conner. “We’re proud of the confidence the Marshals Service is demonstrating in MTC through this agreement. Warden Ramon Rodriguez and his staff are doing a tremendous job. MTC looks forward to continuing its work in the Raymondville community for years to come.”

At the 540-bed WCRDF inmates enjoy rehabilitative instruction in basic business, personal finance, parenting skills and other fields. The facility is accredited by the prestigious American Correctional Association (ACA). MTC has managed the facility for the U.S. Marshals Service since October 1, 2003.

In addition to operating Willacy County Regional Detention Facility in Raymondville, MTC also operates the nearby Willacy Processing Center. This 3086-bed facility is contracted for operation by U.S. Immigration and Customs Enforcement (ICE).

The two Willacy County correctional institutions are among 16 Management & Training Corporation operates in Arizona, California, New Mexico, Ohio and Texas. MTC is the third leading private operator of adult correctional facilities in the world, with a total inmate and immigration detainee bed count of 19,698.

In addition to managing adult correctional facilities, MTC also operates – or partners in the operation of – 26 Job Corps centers across the country for the US Labor Department.
