Student Outcomes and Center Performance

376 Completed career technical training programs
518 Placed in quality jobs, higher education, or the military
142 Diplomas or equivalencies attained

Job Corps centers are ranked monthly by the U.S. Labor Department in several categories including job placement, high school diploma or equivalency attainment, certification attainment, and earnings. 125 centers are ranked on the Job Corps outcome measurement system report card. For the program year ending June 30, 2018, the Sierra Nevada Job Corps Center achieved the following results:

88.2% of graduates are hired in high-growth industries
$12.62 is the average wage of graduating students
88.4% of students enter the workforce with industry-recognized credentials
Job Corps Works!

Nearly 3,000 Hours of Community Service

The Sierra Nevada Job Corps Center strives to be a good neighbor and to make a positive social impact in the community. Staff and students provided over 2,916 hours of community service.

Employer and College Partners

Employers who participate in Job Corps partnerships help shape the training students receive. They can then hire and utilize a workforce that understands exactly what is expected.
