

MTC MEDICAL

MTC MEDICAL

To help improve the quality of care given to offenders, MTC has ventured into the corrections medical business. Through its businesses, MTC operates 11 medical contracts in Arizona (1), California (2), New Mexico (2), Ohio (1), Florida (2) and Texas (3). Information on MTC Medical is located at <http://www.mtctrains.com/mtc-medical>

JOB CORPS

As one of the largest contractors to the Department of Labor, MTC manages many Job Corps centers across the nation. For more than three decades, MTC has provided life-changing opportunities to socially and economically disadvantaged youth through academic, vocational and social skills training. For more information on doing business with DOL, please visit <http://www.dol.gov/dol/business.htm>

CORRECTIONS

Drawing from its success in training programs, MTC has become a leader in rehabilitation-oriented private prisons. MTC operates 24 correctional facilities in Arizona, California, Florida, Idaho, Mississippi, New Mexico, Ohio and Texas. Information on MTC correction facilities can be found at <http://www.mtctrains.com/corrections>

ECONOMIC & SOCIAL DEVELOPMENT

The MTC Economic & Social Development division assists governments, international development organizations, and public and private partners in developing workforce sectors capable of meeting challenges of a global market and localized economic goals. MTC specializes in customizing systems for labor market assessment, government capacity building, academic education, vocational and applied technology training, and job placement assistance. For more information please visit <http://www.mtctrains.com/economic-social-development>

ABOUT MTC...

Management & Training Corporation (MTC) headquartered in Centerville, Utah, helps people realize their learning potential. MTC creates cultures where learning is encouraged and recognized. Self-respect, confidence and program accomplishments create opportunities for improving future quality of life.

MTC AND SMALL BUSINESS ENTERPRISE VENDORS

Management & Training Corporation is committed to supporting small business enterprise by incorporating them into our strategic supply base, whenever possible. As we strive to meet and exceed the small business spend goals outlined in our Prime Contracts, we work towards establishing subcontracts and national agreements with small businesses that can provide both competitively priced goods and high quality services.

Potential vendors identify their capabilities and indicate whether they are a small business or have affiliations to sell through tier-one small business partners.

MTC actively looks for small business partners; however, MTC's final decision on vendor selection is based on total overall value.

ENHANCING SMALL BUSINESS ENTERPRISE RELATIONSHIPS

MTC continually searches for opportunities to enhance spend with small business enterprises. Just as we endeavor to enhance the lives of the students or inmates in our training programs, we are earnest in providing opportunities for small businesses to succeed and grow.
