MTC prepares detainees to successfully return to their communities

The men and women detained at Imperial Regional Detention Facility will eventually be released. It’s MTC’s responsibility to ensure these individuals have access to necessary services while they’re in the facility including healthcare, court and legal resources, visitation, recreation, and educational programs when possible.

Imperial Regional Detention Facility contributes significantly to the local economy

Imperial Regional Detention Facility strives to be a leader in social impact

5,028 service hours donated by staff and detainees to improve local communities and aid in the rehabilitation process of those who are detained

Provided 598,544 hours of effective programs, courses, and activities including adult basic education, GED, and vocational training

Imperial Regional Detention Facility has achieved nationally-recognized corrections, and healthcare accreditations

Imperial Regional Detention Facility is accredited by the American Correctional Association—achieving over 99% compliance for both mandatory and non-mandatory standards in its most recent audit. Other accreditations and certifications include the National Commission on Correctional Healthcare (NCCHC).

MTC is committed to being a good neighbor and investing in the local community

MTC is proud to be a part of the community in Imperial County. Staff and inmates volunteer both time and money in the community, working with various non-profit organizations and other groups that benefit the local community. Representatives from local government, business, and civic organizations serve on the facility’s community relations council. Facility leaders share important updates and collaborate on issues important to the community.

“I am extremely impressed with the facility, the cleanliness and the commitment to serve those that are detained here and empower them to learn skills that they potentially did not have before they came here.”

~ Martha Garcia, Imperial Valley College Superintendent/President, April 2019
