Making an impact in people’s lives since 1981

Since the early 1980s, MTC has been serving at-risk populations by providing them with education and technical training—so it was a natural transition when MTC entered the field of corrections and rehabilitation in 1987 and detention in 2006. And the work MTC does in these areas changes people’s lives forever.

MTC provides nearly 28,000 men and women at 23 correctional facilities with rehabilitation programs to help them prepare for a successful transition back to society. The majority of these individuals will eventually be released, and it’s our responsibility to ensure they’re equipped with the knowledge and skills they need so they don’t re-offend.

MTC also provides more than 2,700 detainees at four dedicated detention centers with quality healthcare, court and legal services, recreation, educational programs, and other valuable support services.

How we help people

The MTC Impact in 2018:

• 24,660 vocational, educational, substance abuse, and life-skills certificates earned by offenders
• 30,386,297 hours of effective programming and structured activities provided to incarcerated men and women
• 814,316 service hours spent helping improve local communities

“I just want to say thank you and commend the personnel and guards here at this detention center. Even in a place like this, these people [staff] make a huge difference for the best. They have treated me with respect and dignity…they have gone over and beyond.”

~ IAH Detention Center

“The rehabilitation and reform that is provided here gives us a second chance at life and is truly a gift to our children. You’re not only helping this generation. There is a trickle-down effect. I am so grateful to you and Gadsden for helping me make the much-needed changes in my life.”

~ Gadsden Correctional Facility
Where we operate

In addition to the facilities listed below, MTC provides rehabilitation services to approximately 30,000 probationers and parolees in the Thames Valley and London service areas in England.

**BOP**
- Dalby CF (2,063) ACA, CEA, TJC, PREA
