PREPARING MEN AND WOMEN FOR SUCCESSFUL RE-ENTRY

JANUARY 2024

Mission Statement

Giving people hope, skills, and opportunities for a better life.

Improving Our Communities

Management & Training Corporation (MTC) provides a variety of treatment programs and re-entry services at more than 20 correctional facilities and a unique substance abuse facility operated by the Texas Department of Criminal Justice (TDCJ) and MTC. MTC's goal, in partnership with TDCJ, is to prepare incarcerated individuals to succeed in society.

The majority of incarcerated men and women will eventually be released from prison, making it incumbent on corrections agencies to provide effective treatment and programming to help rehabilitate the men and women in our care—thus reducing recidivism, improving lives, and making communities safer.
