

## Rehabilitating More Than 26,000 People at Facilities Throughout the World

For 40 years, MTC has worked with at-risk, underserved men and women to empower them with vital tools that will change their lives. We provide a wide range of effective rehabilitation programs, vocational training, counseling, cognitive behavior intervention, education courses including college programs, and life skills that lead to better lives. Our mission is to help each man and woman in our care make lifelong changes so they're successful in society after release.

### Culture of Caring, a Foundation for Success

MTC's culture of caring extends from our staff to the people we serve. A culture of compassion, encouragement, and positive reinforcement helps our residents change their lives.

- ① Hire and train caring staff
- ② Treat staff and residents with compassion
- ③ Transform lives through education, training, and treatment
- ④ Prepare residents for successful re-entry

### MTC Rehabilitation Model

MTC's successful rehabilitation approach begins with a personal assessment. Each person in our care has unique needs. A personal assessment allows us to customize the care and rehabilitation we offer to achieve the greatest success. Our caring and compassionate staff then provide effective treatment programs, education, and job training based on the individual's needs. We round off our rehabilitation approach with programs to encourage healthy relationships which are critical to successful re-entry.

### Facility Locations

#### U.S. Marshals Service

- Otero County Prison Facility (1,418)

#### Arizona

- Arizona State Prison—Marana (513)

#### Florida

- Bay Correctional Facility (985)
- Gadsden Correctional Facility (1,250)
- Graceville Correctional Facility (1,884)

- Texas Civil Commitment Center (434)
- Willacy County State Jail (1,069)

#### International Corrections

- Parklea Correctional Centre, Australia (1,000)

(Resident Capacity)

### Research Shows Education and Training Reduces Recidivism

Education and training lowers recidivism by up to **43%\***

For every \$1 spent on education and training **\$5** is saved on future law enforcement and corrections costs\*

Men and women at MTC facilities receive a wide variety of evidence-based rehabilitation opportunities including:

- Cognitive and behavioral development programs
- Academic courses
- Vocational training
- Substance abuse programs
- Gender-responsive and trauma-informed rehabilitation
- Relationship and life skills courses
- Faith-based activities

## Community Partnerships

MTC is proud to be an active and engaged member of our communities. Our staff and residents invest countless hours every year working with various non-profit organizations and other groups. Representatives from local government, business, and civic organizations serve on our facilities' community relations councils. We deeply value these partnerships and friendships and know that together we can change people's lives.

## Diversity and Inclusion

We're all different in many ways and that brings great strength to MTC and to our mission to change lives through education and rehabilitation. We value and appreciate the diversity of our workforce, where our core value is equity in all decisions and activities. Our inclusive culture allows us to form respectful, engaged, and productive teams. More than 51% of our staff nationwide are people of color, with 55% being female. More than 74% of our facility leaders are people of color, with 62% of those we serve being people of color. At MTC we celebrate diversity, equity, and inclusion.

## National Accreditations and Certifications

Our facilities are highly accountable. In addition to regular and rigorous audits by our customers, our facilities also strive to receive accreditation from various national corrections associations.

## Making a Worldwide Social Impact

We know that well-trained, caring, and compassionate staff and evidence-based programs are key to successfully helping incarcerated men and women change their lives. We have taken this philosophy and approach across the world to help people outside the U.S. In addition to the 25,000 people we serve in the U.S., we also provide rehabilitation services to nearly 1,000 men at the Parklea Correctional Centre in Australia. We look to expand our reach abroad in an effort to improve people's lives and to reduce recidivism.

**MTC** A Leader in Social Impact
