

## DETENTION

### Helping More Than 6,000 Detainees as They Transition Back to Their Communities

MTC partners with Immigration and Customs Enforcement (ICE) to provide the men and women in their care with dedicated facilities that are far superior to temporary shelters sometimes used by ICE. MTC dedicated facilities are safe, comfortable, spacious, and clean. ICE detainees live at MTC facilities for very short periods of time, during which MTC provides these men and women with opportunities to further their education, participate in meaningful activities, and prepare in all ways to return to their homes and families.

### Mission Statement

Giving people hope, skills, and opportunities for a better life.

### The MTC Difference in Detention

MTC's expertise in immigration detention makes a difference in detainees' experiences, and in return, improves the overall operation and culture of the facility. We provide residents access to services and programming, a clean, safe, and secure environment, and a staff culture that promotes respect and empathy. The time an individual spends in a detention center varies; some are awaiting hearings and could be detained for several months; while others may only stay for a couple of weeks. Regardless, all detainees in MTC facilities have access to the medical, legal, and personal resources that they need, in addition to voluntary recreation and programming activities.
