

EDUCATION & TRAINING

Providing Nearly 8,000 Young People With Career Training at Job Corps Centers

Low-income youth may face many barriers to employment including learning disabilities, mental health issues, and a lack of family support. MTC's engaged learning approach is extremely successful in providing youth with valuable academic and job skills training so they can join the workforce and sustain themselves and their families. We tailor our education and job training to fit the needs of each student.

Mission Statement

Giving people hope, skills, and opportunities for a better life.

MTC's Technical Training Expertise

MTC Job Corps centers provide young Americans with the technical skills they'll need to launch new careers and to be successful in the job market. Graduates leave the program with industry-recognized certifications that lead to good-paying jobs. Students have a wide variety of career paths to choose from, including but not limited to:

- Machine and metal working
- Healthcare
- Culinary arts
- Construction
- Computer technician
- Office administration
- Automotive

MTC Education & Training Model

Job Corps students receive evidence-based social skills, academic, and technical training that lead to career and life success. MTC has been teaching and training young people to be prepared for the workforce for decades. This intense and highly successful training is done through the Department of Labor's Job Corps program.

Community Partnerships

The many partnerships we have in our community are vital to our centers' success. Our graduates are trained and hired by our employer partners while some students go on to higher education. And our recruitment partners have helped us to introduce new students to the Job Corps program. We couldn't be successful without their tremendous support!

Diversity and Inclusion

We're all different in many ways and that brings great strength to MTC and to our mission to change lives through education and rehabilitation. We value and appreciate the diversity of the people we serve and our workforce. Our inclusive culture allows us to form respectful, engaged, and productive environments. More than 51% of our staff nationwide are people of color, with 55% being female. More than 74% of our facility leaders are people of color, with 62% of those we serve being people of color. At MTC we celebrate diversity, equity, and inclusion.

National Workforce Partners

MTC partners with dozens of leading businesses which are crucial to our students' current training and future career success. These partners provide internship opportunities to our students, which sometimes lead to full-time jobs and exciting new careers. We deeply value our employer partners!
