Mission Statement

Giving people hope, skills, and opportunities for a better life.

MTC Prepares Detainees to Successfully Return to Their Communities

The men and women detained at Imperial Regional Detention Facility will eventually be released. It's MTC's responsibility to ensure these individuals have access to necessary services while they're in the facility including healthcare, court and legal resources, visitation, recreation, and educational programs when possible.

The MTC Difference in Detention

MTC is committed to providing high-quality programming to detainees. MTC has decades of experience providing education and training for disadvantaged populations and takes this wealth of experience to the operation of detention facilities. Programming helps detainees to prepare to transition back into their communities and make the most of their time in detention.

The facility provided **598,544** hours of effective programs, courses, and activities including adult basic education courses in English and Spanish, GED, and vocational training. In addition, the facility has a partnership with Sure Helpline Crisis Center. Counselors from the organization visit the facility regularly to help the residents work through various life challenges. **13** Mexican Consulate—INEA Certifications were earned.

MTC is Committed to Being a Good Neighbor and Investing in the Local Community

Volunteers work hand-in-hand with staff at the Imperial Regional Detention Facility to help the residents in a variety of ways. Religious volunteers provide residents with strength, hope, and encouragement. Other volunteers offer crucial services like the Sure Helpline Crisis Center, which provides counseling and support to residents who have experienced abuse prior to coming to the facility. Representatives from local government, business, and civic organizations serve on the facility's community relations council. Facility leaders share important updates and collaborate on issues important to the community.
