"The medical department is really good. They are very professional. As a diabetic, I don't want to come and get my insulin, but they make sure we stay on our toes and vigilant about our health. They are friendly, respectful and kind, [and] make it easier for us."

Arvil Mowdy

"I have a chronic illness and have to have my blood pressure checked every day. The medical staff has been very attentive to my needs. This place is a model for other facilities."
